Hello Michele,

March 18th is definitely out for us because our key technical staff who reviewed the proposed AE will be at a Board meeting on that day in Santa Barbara.

March 25th will probably work as long as we are able to call in again.

Thanks.

Hi Folks,

Thank you very much for your time yesterday. Trying to set time for a follow up meeting. I

have two dates to offer – March 18 or March 25. Possible location is uncertain at this time since we are all in different places. Possibly Sacramento?

Can you first advise of your availability please for either day. Thank you!

Sincerely,

Michele
